A summary statement of general fund receipts and expenditures for the fiscal year ended December 31, 1970 made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1970, is indicated in Exhibit B-2.

Municipal Court: (Exhibits E-1 and E-2)

The activity in the accounts of the Municipal Court during 1970 is disclosed in Exhibits E-1 and E-2.

Water Department:

Comparative Balance Sheets- December 31, 1969 and December 31, 1970:(Exhibit F-1)

Comparative Balance Sheets of the Water Department as of December 31, 1969 and December 31, 1970, are presented in Exhibit F-1. As stated therein, the Net Debt of the department decreased by $28, 465.91 in 1970, from $509,926.23 to $481,460.32.

Classified Statement of Receipts and Expenditures: (Exhibit F-2)

A classified statement of Water Department receipts and expenditures is contained in Exhibit F-2. Proof of the Treasurer's balance at December 31, 1970 is shown in Exhibit F-3.

Special Water Project Fund: (Exhibit F-4)

A summary of the activity in the Special Water Fund is included in Exhibit F-4.

Statement of Long Term Indebtedness: (Exhibit H)

A statement of the outstanding long term indebtedness of the Town as of December 31, 1970, showing annual debt service requirements, is contained in Exhibit H.

## AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Verification of uncollected and unredeemed taxes was made by mailing notices to delinquent taxpayers as indicated by the Tax Collector's records. Consequently, the amounts of uncollected and unredeemed taxes as indicated in this report are subject to any changes which may be necessitated by the return of verification notices.

## GENERAL COMMENTS

Current Surplus- General Fund:

The general fund current surplus (excess of total assets over current liabilities) decreased by $12,512.68 during 1970, from 1970, from $18,285.18 to $5,772.50 as shown herewith:

| | December 31, 1969 | December 31, 1970 |
|---|---|---|
| Total Assets | $483,851.90 | $345,497.45 |
| Current Liabilities | 465,566.72 | 339,724.95 |
| Current Surplus | $ 18,285.18 | $ 5,772.50 |

The factors which caused this decrease are as follows:

Decreases in Current Surplus:

| | |
|---|---|
| Tax Liens Transferred To Tax Deeds | $ 164.75 |
| Increase in Estimated Uncollectibe Tax Liens | $22,426.11 |
| | $22,590.86 |

Increases in Current Surplus:

| | |
|---|---|
| Net Budget Surplus | $10,078.18 |
| Net Decrease in Current Surplus | $12,512.68 |

Overdraft of Appropriation and Application of the Municipal Budget Law:

There was an overdraft of appropriations amounting to $2,172.93 in the fiscal year ended December 31, 1970, as disclosed by the Budget Summary (Exhibit A-4). Included in this amount, however, was an overdraft in the''Overlay" account in the amount of $1,184.02. Inasmuch as the amount of "Overlay" is fixed by the Board ofSelectmen rather than appropriated by the Town, the actual net overdraft of budgetary appropriations in 1970 was $988.91, ($2,172.93-$1,184.02).

In accordance with the provisions of the Municipal Budget Law, R.S.A., Chapter 32, application should have been made to the Tax Commission by the Board of Selectmen, with the written approval of the Budget Committee, for a certificate of emergency authorizing expenditures in excess of budgetary appropriations.

Unredeemed Taxes:

As of December 31, 1970, unredeemed taxes on account of the levies of 1967 and prior years amounted to $22,426.11, as shown in the following tabulation:

| Levy of | Unredeemd Taxes |
|---|---|
| 1967 | $ 8,958.18 |
| 1966 | 4,739.92 |
| 1965 | 4,102.40 |
| 1964 | 2,568.68 |
| 1963 | 1,392.16 |
| 1962 | 664.77 |
| | $22,426.11 |

This amount represents approximately thirty eight percent (38%) of the total unredeemed taxes outstanding at December 31, 1970, as shown by the Tax Collector's records.

The statutory redemption period has expired in all of these cases. The Tax Collector, therefore, should have delivered tax deeds to the Town for all the tax-delinquent real estate involved. This, however, was not done prior to the close of the fiscal year ended December 31, 1970.

Consequently, these unredeemed taxes are carried on the records as part of the total assests of the general fund and, in our opinion, overstate the amount of the Town's current surplus.

To correct this situation, we have set up the sum of $22,426.11 as a provision for estimated uncollectible tax liens on the Balance Sheet of December 31, 1970 (Exhibit A-1) This reduces the estimated recoverable tax liens held by the Town at that date to $36,654.89. We believe that this latter amount reflects more realistically the net assets and current surplus of the Town at the close of the fiscal year 1970.

We have instructed the Tax Collector to execute tax deeds to the Town at once on all properties on which tax liens are in default, in accordance with the requirements of R.S.A 80:38.

Surety Bond of Town Treasurer:

The surety bond of the Town treasurer should be increased in amount from $25,000.00 to $29,000.00 in order

that it may be proportinal to the amount of funds received by this official. This bond should be issued on an annual basis in that amount.

Tax Collector:

The tax collector should adopt the use of the prescribed columnar cash journal in which all tax payments (cash or check) should be recorded and classified.

Tax payments should be recorded in the calendar year in which these are received. The collector's cash book should be closed on December 31, of each fiscal year.

It was found that the lists supporting the poll and head tax warrants had been altered by the Tax Collector. The names of persons appearing on the original lists, in some cases, were removed and the names of persons added to the tax rolls after the original warrants had been committed to the Collector were substituted. This practice should be abandoned. All taxes which are assessed after the original commitment of taxes to the collector should be listed on a separate page in the warrant books. Supplemental warrants should be issued for the collection of such taxes.

Water Department:

Inasmuch as the Town of Seabrook operates under the provisions of the Municipal Budget Law, annual appropriations of the Water Department must be submitted to the budget committee for consideration as are other Town appropriations and likewise must be included in the budget forms (Form M-7) which are posted with the annual town warrant. The same limitations apply to Water Department expenditures as apply to other Town expenditures, i.e., expenditures may not exceed budgetary appropriations.

Our audit reveals that gross appropriations for this department have not been included in the annual budget forms as required. We were advised that the amount actually raised under the caption "Municipally Owned Water Utilities" covered hydrant rentals only.

The records of the Town indicate that the Water Department over a period of years was advanced funds which had not been raised by the Town. These funds were used to sustain the operating expenses of the department, which obviously were in excess of revenues. As of December 31, 1970, the balance of advances due the town general fund by the Water Department amounted to $36,577.52.

It is recommended that a complete double entry, accrual system of accounting be adopted for the Water Department. This system would include the use of general ledgers with such nominal and proprietary accounts ( and related subsidiary accounts and ledgers) as are necessary to show accurately the financial condition of this enterprise and the results of its' operations. Under the present system of accounting such information is virtually impossible to obtain.

Municipal Court:

Some difficulty was experienced in reconciling the accounts of the Municipal Court for the fiscal year 1970.

To comply with accepted accounting procedures applicable to Municipal and District Courts, the following procedures should be adopted:

1. All expenditures should be entered in the payment section of the docket book. These should be recorded in ink.
2. Bail receipts should be attached to complaints
3. The amount of bail set by the Court should appear in the proper space on complaints.
4. The date fines are paid should be duly recorded on each complaint.
5. All money columns of the docket book should totaled cumulatively for the fiscal year.
6. The checking accounts should be reconciled monthly. Any differences which occur between these records should be located and adjusted promptly.
7. All court expenditures should be paid by check.
8. An accurate register should be maintained to account for bail in the custody of the Clerk of Court.

Trust Funds:

It is noted that the Trust Funds are invested as follows:

| | |
|---|---|
| Rockingham National Bank, Exeter, N.H. | $ 954.49 |
| Portsmouth Trust Company, Portsmouth, N.H. | 74.39 |
| Provident Institution for Savings Amesbury, Mass. | 6,506.57 |
| Institution for Savings Newburyport, Mass. | 4,214.62 |
| Newburyport Five Cent Savings Bank Newburyport, Mass. | 748.85 |
| | $12,498.92 |

In this connection, attention is called to Chapter 31, Sections 25 and 27, of R.S.A., relative to how Trust Funds may be invested. All funds are required to be invested in approved banks located and doing business in the State of New Hampshire.

It is noted, therefore, that only the funds deposited in the Rockingham National Bank and the Portsmouth Trust Company are invested in accordance with the governing statutes.

Conclusion:

The provisions of Chapter 184 of the Laws of 1955 require that the auditors' summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town. Publication of the Exhibits contained in the audit report is optional, at the discretion of the Board of Selectmen.

We extend our thanks to the officials of the Town of Seabrook for their assistance during the course of the audit.

Very truly yours,
Frederick E. Laplante

TOWN OF SEABROOK

## Certificate of Audit

This is to certify that we have examined and audited the accounts and records of the Town of Seabrook for the fiscal year ended December 31, 1970.

Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as were considered necessary in the circimstances.

Inasmuch as the accounts of the Water Department are kept substantially on a cash basis, expenditures for plant property and equipment are expensed in the year purchased. Plant and equipment ledgers are not maintained. The value of the Water Department's fixed assets, therefore, could not be determined as of December 31, 1970, and is not reflected in this report. Consequently, we are unable to express an opinion as to the fairness of the current financial condition of the Water Department as expressed in Exhibit F-1.

With this exception, in our opinion, the Exhibits included herewith present fairly the financial condition of the Town of Seabrook as of December 31, 1970, together with the results of operations for the fiscal year ended on that date.

Respectfully submitted,

Frederick E. Laplante
Director
DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
